

Ormseth Acupuncture Offering CEU Classes for Massage Therapists

Cupping Class 8 CEU Hours

3/24/18- South Dakota School of Massage

Sioux Falls, SD

This class covers traditional to modern day cupping including history, how it progressed, treatment protocols, contraindications and precautions. The morning is all lecture and demonstration and the afternoon is all hands on. We will go over all of the different types of cupping and advantages and disadvantages of each. I supply all of the cupping supplies. This class focuses on moving cupping which can cover a larger surface area and substitute for massage another technique to help long term use of your hands.

Tui Na/ Gua Sha Class

3/25/18-South Dakota School of Massage

Sioux Falls, SD

This class focuses on basic Tui Na(Chinese bodywork) techniques and specific treatment protocols. Tui Na is similar to western massage but utilizes different techniques including acupressure, traction, and etc... In general Tui Na is a little more aggressive type of bodywork and a great addition to a massage practice as you can utilize just specific techniques or entire treatment protocols.

Gua Sha is a technique that is similar to scraping or graston that uses a tool(either stone, water buffalo horn, or other various tools) to scrape or massage tissue. This technique is another nice addition to a massage practice.

The price is 205.00 for each 8 hour class(They are separate classes)

You may call, email, or text to reserve a spot for a class
